Mitigation of Impact

Please describe your plan for cleanup and removal of recyclable goods, waste and garbage during and after your event: We have a group that cleans the bridge before we begin. Once our service time starts, we have a group of approximately 12 that picks up trash under the bridge, down the street and to the Day Center and Iron Gate. The area is inspected at the end of the night. All trash is loaded and taken to a dumpster at our building. We will occasionally take pictures to verify that the area is better when we leave it than how we found it. You may contact me for those pictures.
