Other Event Information: The Golden Driller Marathon – in the past all races are on the trails system.
This year, need to close a small section of SW BLVD for a short time in the morning for
the 5k/10k runners to use one lane of traffic to cross the bridge – see the attached image
of what would be close for maybe 30 minutes max. Propose coning off the southern most
lane across the bridge – then the runners would return to the trail. They would only use
the street outbound not coming back inbound – for that section they would stay on the trail
and use the pedestrian bridge under the HWY.
The race is too big to have 2-way traffic on the pedestrian bridge under the HWY.
