HOSPITALS: The committee's report on the problem of keeping the city hospitals, charity clinic and City Health Department in operation was presented by Mrs Victor F. Barnett, Chairman for the Committee as follows:

"Whereas the mayor and city commissioners have asked this committee to find a way keep the white and colored charity hospitals, the charity clinic and the City Health Department open, and

Whereas there was on February 1, 1934 \$ 21,664.24 remaining in the city fund to operate these institutions and the possibility that more could be put into these funds by legal transfer from other sources, and

Whereas its members feel that in a program of this kind concerning the health of a community, professional medical advice is imperative; Therefore, it be resolved by this committee that at this time there be no attempt made to raise extra money from the public by uncertain entertainments or other schemes, and

Be it further resolved that the city commission be asked to urge the Tulsa County Medical Society at its meeting next Monday night to work out a plan whereby the Society will supervise the management of the hospitals and clinic in close cooperation with the city superintendent of health, curtailing such functions as are least necessary and operating the institutions until the end of the fiscal year on the money remaining in the budgets plus such additional moneys as may be transferred there or procured from other sources."

and recommending that the Commission take action on these provisions .

CHARGES: SIM BROWN: The following charges against Sim Brown, Chief of Detectives, presented:

"To The Honorable Mayor & Commissioner)
of the City of Tulsa, Oklahoma."

Gentlemen:

The undersigned a citizen of the City of Tulsa, Oklahoma, hereby respectfully request your Honorable body to suspend temporarily, pending a final determination and proof of the charges herein after contained, the above name Sim Brown, Chief of Detectives of the City of Tulsa, Oklahoma, and final hearing and proof of the said charges, that said Chief of Detectives be permanently removed as Chief of Detectives of said City, said charges being as follows:

REPORT: A. P. BOWLES: The following report of Commissioner Bowles, presented:

"BEFORE THE HONORABLE MAYOR AND BOARD OF COMMISSIONERS
IN AND FOR THE CITY OF TULSA, TULSA COUNTY, OKLAHOMA.

IN RE: Charges against Sim Brown
Chief of Detectives.

REPORT.

I have made a diligent inquiry into the various questions arising under the complaint filed against Sim Brown, Chief of Detectives by one J. Gunter Sanders and after making such an investigation and in view of the knowledge I had of the operations of the police department before such charges were filed I am ready to report to this Honorable body that the charges filed as aforesaid are absolutely groundless and made not with the purpose of serving the public welfare but that they were made rather for the purpose of personally embarrassing the Chief of Detectives and crippling the efficient operation of the Police Department.

I have personally conferred with a large number of the members of the Police Department in making my investigation and have consulted with all those whom I thought to be reliable who were in a position to know something of the operations of the Police Department. I have found no one who could put their finger on any wrong doing or on any failure of the Police Department to perform its duties. The consensus of opinion is, however, quite the contrary. The general impression is that Sim Brown has been diligent in the performance of his duty and that the Police Department under his direction has worked as efficiently as could be expected under present conditions.

Of course, it is true that the department is undermanned and that there may have been occasions when various officers in attempting to handle investigations of major crimes may have overlooked a number of inconsequential matters. In addition to the department being undermanned, we must recall that the passage of the so called Beer Bill and the springing up of a large number of beer parlors in the City of Tulsa have brought about a situation difficult to deal with. It is, however, my honest conviction that the Department of Police, even though undermanned and even though confronted with a new problem after the passage of the Beer Bill, has been working unusually efficient.

April 16, 1934.

I do not want to pass this opportunity of calling the attention of the governing body of the city and the citizens as a whole to the fact that an intelligent study and survey of the problems arising as a result of the legalizing of beer and its sale in many places of business springing up for the express purpose of selling beer should be made by some group with a view of bringing about city legislation for the control of the situation. In this connection I would suggest that a committee of the citizens of Tulsa be appointed for this special purpose.

Very truly yours,
(signed)
A. P. Bowles
Fire and Police
Commissioner."

Moved by Woody, seconded by Bowles, that the report be accepted and received and filed.

"Whereas, the Creator in his infinite wisdom has seen fit to call from our midst our friend and fellow citizen, William E. Rohde, the first Mayor of our City under its present form of government, who has throughout his long career as a public official, civic leader and public benefactor endeared himself to the citizenship of the City of Tulsa; and,

Whereas, in such an extremity of sorrow, human minds and human hearts being unequal to the task of alleviating the grief that tears at the heartstrings of the broken family, we can only, with the bereaved family, bow to the will of Him who knoweth and doeth all things well, and commend them to Him for solace and consolation:

Now, Therefore, Be It Resolved By the Board of

RESOLUTION: "Whereas, there are several tax protests pending involving in excess of \$200,000.00, of the General Fund levy for the fiscal year 1933-1934;

Whereas, there is on hand in the General Fund in the City of Tulsa approximately the sum of \$130,000.00, free and unencumbered cash surplus, derived from collections of prior years' taxes which have been made subsequent to July 1, 1933; and,

Whereas, by reason of said protests the County Treasurer of Tulsa County is withholding approximately the sum of \$120,000.00 from current tax collections; and

Whereas, one of the tax protests operates to reduce the current year's appropriation by approximately the sum of \$35,000.00; and,

Whereas, if said tax protest suits are dismissed, said surplus will be available for the reduction of ad valorem taxes for the fiscal year 1934-1935, but if not dismissed, said funds will not be available for said purpose, thus requiring a higher ad valorem tax levy; and,

Whereas, in the opinion of the Board of Commissioners of the City of Tulsa, it is to the best interest of the taxpayers of said City that said surplus sums be used for said purpose if and when the same are made available by the protestants by the dismissal of said tax protests.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF TULSA, OKLAHOMA, AS FOLLOWS:

Section 1. That if the above mentioned tax protests are dismissed by the protestants on or before June 30, 1934, that the said prior years' surplus funds will be available for the reduction of the City General Fund levy for the fiscal year 1934-1935.

Section 2. The Board of Commissioners desiring to reduce, as far as possible, the ad valorem tax levy for the fiscal year 1934-1935, resolve herein to not use in excess of \$10,000.00 of said prior years' surplus for the making of an additional and supplemental appropriation, should such appropriation be necessary, and to use all cash or tax surpluses that may be on hand on June 30, 1934, to the credit of any City fund or funds, in lieu of an equal amount of ad valorem taxes.

Section 3. That the City Auditor be directed to prepare certified copies of this resolution and make same available to the attorneys and auditors of the various protestants.

Section 4. That an emergency exists for the preservation of the public peace, health and safety, by reason whereof this resolution shall take effect from and after its adoption and approval.

ADOPTED, and the emergency clause ruled upon separately, and approved this 8th day of June, 1934.

In the Matter of Charges)

Ralph Hyde:)

Now on this 28th day of June, 1934, the above matter comes on to be heard before the Mayor and Board of Commissioners of the City of Tulsa, Oklahoma, upon charges heretofore filed by Sam Gibson through his attorney, J. B. Underwood. Whereupon Commissioner O. W. Hoop disqualified, and the hearing proceeded before the Mayor and Commissioners Angel, Logan and Graham.

The complainant appearing in person and by his counsel, J. B. Underwood, and the said officers appearing in person and by their attorneys, A. Flint Moss and Joe Simpson. Whereupon the complainant put on his evidence and rested, and the officers put on their evidence and rested. Whereupon the said matter was continued until four o'clock P. M. Friday, June 29th, 1934, at which time the complainant put on his rebuttal evidence and rested. The Mayor and said Commissioners took the matter under advisement until Monday, July 2nd, 1934.

July 19th, 1934.

MINUTES of a special meeting of the Mayor and Board of Commissioners of the City of Tulsa, Oklahoma, held in the City Hall, Tulsa, Oklahoma, at 9:30 o'clock A. M., the same being a special meeting called for the consideration of charges brought by Mr. C. A. Simon against the Juvenile Court Board in its selection of officers for the Juvenile Board.

MAYOR PENNEY present and presiding.

Roll Call disclosed the following members in attendance:

Hoopl	absent:	Angel	present
Graham	present	Logan	present
present 3		absent 1.	

THE MAYOR then read the following Call for Special Meeting, which had heretofore been served upon each member of the Commission:

"Tulsa, Oklahoma, July 19, 1934.

To the Board of Commissioners of the City of Tulsa:

I, T. A. Penney, Mayor of the City of Tulsa, do hereby call a special meeting of the Board of Commissioners of the City of Tulsa for 9 o'clock A.M., July 19, 1934, for the purpose of hearing charges and complaints brought against the Tulsa Juvenile Court Board of Chas. Simon. You are notified to be present at that time.

DR. T. A. PENNEY, Mayor."

Whereupon, the Mayor then called the meeting to order. Attorneys Paul Pinson and F. E. Riddle addressed the Commission on behalf of the Juvenile Court Board, stating that the only power the City Commission had was to either reject or accept the recommendations of the Juvenile Court Board.

Attorney F. C. Swindell then appeared before the Commission on behalf of Mr. Chas. Simon, contending that the City Commission did have jurisdiction over the examinations held by the Juvenile Court Board in its selection of applicants.

After conference by the Mayor and Commissioners, they concluded that the Board has jurisdiction inherently to hear any charges that might be filed against any member or appointee of any board that may be set up by the commission and provided for by ordinance. Under the provisions of the Charter they are the governing body, and would have jurisdiction to hear and determine any charges that might be filed. However, this matter before the commission, which it has been requested to investigate, is one in which no relief of any kind or character is asked by the petitioner.

Under the ordinance setting up this Juvenile Board, they are a board within themselves, given full power to make these selections after competitive examinations of applicants for the various positions. They have the power to prepare the examination papers, and go into the moral, financial and other standing of applicants, as well as their mental qualifications, and that is a matter that is wholly within the power and discretion of the Juvenile Board, and the City Commission has no power or jurisdiction as to the questions that are propounded to applicants, nor have they any right to inquire into what went on in the minds of the various members when they made up their minds as to who they would recommend for these positions; and the only power this board has after these recommendations are made for appointment, is to either reject or accept the recommendations of this board.

Inasmuch as there is no relief asked, and no purpose could be served by having a hearing on this matter - in other words, even if the charges made were substantiated by the evidence, when they got through, what could the Commission do. Under this complaint no relief is asked, no removal sought of any member for misconduct, and I think the Commission would be just where it is now; it could not act, because they are not asked to act upon any question as to appointments or removal of any member of the board.

It is the decision of the Commission that there is nothing before it to be heard upon the matter filed here. To which Attorney Swindell took exception.

Upon motion duly made and seconded, the meeting adjourned.

Milton W. Lawrence
CITY AUDITOR.

Whereupon, Messrs. Otis Blankenburg, Robert Galbreath and Norman Barker appeared before the commission with various suggestions concerning this matter.

After some discussion, the Mayor set this question over to Friday, August 3rd, 1934.

RESOLUTION: The following resolution was introduced:

"Whereas, from evidence and representations made to the Board of Commissioners, it appears that on or about May 5, 1934, a deed to certain lots in Oakcliff Addition, City of Tulsa, in the name of the City, was recorded in the County Clerk's office by a private party, and that same was, on or about May 11, 1934, returned by that office through the mails to the said private party, and it appears that sometime after May 11, 1934 the said deed found its way into the official files of the City of Tulsa and that said property appears to have been placed on the City's record as City property, and it appears that the City of Tulsa never, at any time, properly and legally acquired said property or that any action was ever taken officially by the City toward acquiring said property;

Whereas, a statement of paving tax on said property was issued and voucher and warrant issued thereon for the purpose of paying same out of City funds.

Now Therefore, be it resolved: that a committee be appointed by the Mayor for the purpose of making a thorough investigation of this entire matter to determine the true facts with reference to the same and that said committee be empowered to subpoena witnesses, receive evidence and take testimony and to do whatever is necessary to obtain the facts.

That said committee operate as a fact finding body and make a return of its findings of facts to this Board of Commissioners;

Be it further resolved that should it appear to the Board of Commissioners from the facts as determined by said committee that fraud has been perpetrated upon the city of Tulsa, that proper action be taken against any and all parties who, from the facts, may appear to be guilty.

July 31, 1934.

Be it further resolved that said committee be authorized to make an examination for the purpose of determining whether or not there may have been any property placed on the City's record in the past under similar circumstances without official acquisition of same and any taxes paid on same.

RESOLUTION: Whereas on the 21st day of May, 1929, the City of Tulsa entered into a written contract with the Public Service Company of Oklahoma in the city of Tulsa, Oklahoma, by the terms of which the City of Tulsa agreed to pay to the Public Service Company of Oklahoma a specified rate, according to schedule set forth in said contract, in consideration of the Public Service Company furnishing the City of Tulsa with certain lighting facilities and electrical energy therefor. That the term of said contract runs for a period of ten years from date thereof and,

WHEREAS on Page ten of said contract, section seven paragraph C it is provided that the City may if it so desires, after five years from date hereof demand a readjustment of such rates upon a bona fide showing that it is entitled to a lesser rate; and if the parties hereto cannot, upon such demand, agree upon a proper readjustment, such question shall be determined by arbitration; and each party shall thereupon select one expert skilled in the furnishing of street lighting service for cities, who shall make a full and complete investigation and thereupon they shall fix and determine a rate thereafter to prevail hereunder. And, if the two arbitrators so appointed shall fail to agree, they shall select a third such expert who shall satisfy himself as to the proper rate, and thereupon the decision of any two of said arbitrators shall be final and binding upon both parties hereto. The expense of such arbitration shall be in all things borne equally by the parties hereto," and,

WHEREAS, a period of five years mentioned in said contract will expire May 21, 1934, and

WHEREAS, it is the opinion of the City Commission of Tulsa, Oklahoma, that the rates established under said contract in 1929 are now excessive and that it obtain a reduction thereof and a more equitable and just rate.

NOW THEREFORE BE IT RESOLVED, That the City of Tulsa instruct its City Engineer to compile, collect, ascertain and obtain any and all necessary information and data necessary to enable this Commission to arrive at a fair and just rate to be charged and paid for the use of lighting facilities for the streets, alleys and public places of the City of Tulsa, and for the electrical energy necessary therefor for the remaining year period of said contract; and that the City Attorney be instructed to ask on behalf of the City of Tulsa, for a hearing before the Corporation Commission of the State of Oklahoma for the purpose of determining and fixing a reasonable rate for the City of Tulsa to pay to the Public Service Company of Oklahoma for its lighting facilities and electrical energies supplied therefor, as set forth in said contract, or, as an alternative, that the City exercise its rights under said contract as provided therein, to arbitrate and obtain reduced rates.
