I. STATEMENT OF PURPOSE:

1. Overview and Goals

The goal of this solicitation is to secure a source to purchase Traffic Signal Detection Systems for the Public Works Department of the City of Tulsa.

2. Term of Contract

The City intends to award a one-year annual contract. The City may offer the Seller the opportunity for additional one-year terms. The City also reserves the right to make multiple or partial awards. To do business with the City, You must agree to the terms and conditions of the City's standard Purchase Agreement, indicated by Your **Authorized Agent's** signature on the Purchase Agreement.

Capitalized terms used in this IFB and not defined in the Purchase Agreement shall have the meanings as ascribed to them in Title 6, Chapter 4 of the [Tulsa Revised Ordinances](#).

The entire Invitation for Bid (IFB), including any additional information submitted by Bidder and Accepted by City will be included as part of the Agreement between Seller and City. **All sheets of this IFB (including Sections I-VI) must be submitted.**

Authorized Agent

Several parts of the Bid (Affidavits, Purchase Agreement) must be signed by an **"Authorized Agent."** An **Authorized Agent** means an agent who is legally authorized to bind the Seller under the law of the state in which the Seller is legally organized. For instance, under Oklahoma law, the **Authorized Agent** for each of the following types of entities is as stated below:

- **Corporations** – the president, board chair or board vice chair (or the vice president if the corporation was formed in Oklahoma) can sign; others can sign if they have and provide the City with (i) a corporate resolution giving them authority to bind the Seller, and (ii) a recent certificate of secretary indicating the authority is still valid and was in full force and effect on the date of the signature. (See IFB Section VI for sample of a Certificate of Secretary)
- **General Partnerships** – any partner can sign to bind all partners.
- **Limited Partnerships** – the general partner must sign.
- **Individuals** – no additional authorization is required, but signatures must be witnessed and notarized.

- **Limited Liability Company (LLC)** – any manager of the LLC elected by the members of the LLC, or any member signing as manager of the LLC. All other signers will need a Consent of Members signed by all the Members of the LLC authorizing their signature on or up to 30 days before the date of their signature. (See Section VI for sample of a Consent of Members)

Entities organized in states other than Oklahoma must follow the law of the state in which they are organized.

II. SCOPE OF SERVICES AND SPECIFICATIONS

1. Scope of Services

The City is requesting Bids for Traffic Signal Detection Systems for use by the Public Works Department.

Delivery Requirements

All prices quoted shall be based on F.O.B. - destination to the Traffic Operations Division in Tulsa, Oklahoma or to any other points as may be designated when an order is placed, with all charges prepaid by Seller to the actual point of delivery. Bids must state the number of Days required for delivery under normal conditions.

Absolutely no items over 500lbs. may be directly shipped to the City requiring the City personnel to unload from the shipping truck or trailer. The City carries no responsibility for any damages incurred during an unloading occurrence. All unloading shall be the responsibility of the Seller and/or shipping entity.

The price listed in the Bid shall be the delivered price, including freight to, packaging, shipping, packing, unpacking, and any surcharges. Submission of a Bid shall be conclusive evidence that the Bidder has investigated and is satisfied with the conditions encountered in providing materials or equipment or in performing any included work.

Equipment ordered by the Traffic Operations Division shall primarily be delivered to either the main yard at 4015 N. Harvard Ave, Tulsa, Oklahoma 74115 or to the annex at 3801 N. Harvard Ave, Tulsa Oklahoma 74115. Coordinate with the Traffic Operations Division on which yard to deliver the items. Any other locations for deliveries shall be coordinated with the Seller prior to delivery.

All unloading from delivery vehicles shall be the responsibility of the Seller and/or shipping entity. Furthermore, a shipping dock is not available at the Traffic Operations Facilities, so the Seller must coordinate for delivery and unloading, as necessary. The City carries no responsibility for any damage incurred during an unloading occurrence.

2. Specifications

The Bid **must** meet or exceed the following Specifications.

Scope

The City of Tulsa's Traffic Operations Division (TOD) of the Public Works Department is seeking to standardize traffic signal detection systems on a few approved systems. Maintenance of too many types of systems has become difficult and cost prohibitive. Therefore, a few systems will be selected through this Agreement. Those systems will be stocked and maintained by the City of Tulsa. Older systems will be replaced by the selected systems over time as funding becomes available.

The City of Tulsa is seeking Bids for supplying various types of traffic signal detection systems. The IFB has been broken into sections of like items, as follows:

- Section A – Video Detection Systems and Parts
- Section B – Radar Detection Systems and Parts
- Section C – Combination Video/Radar Detection and Parts
- Section D – Single-Point Detection Solutions

For this IFB, to allow for maximum flexibility in standardizing detection systems, Bidders do not have to bid on every line item. They also do not have to bid on every line item in a section. Lines have been included in the Pricing Worksheet in Exhibit A – Pricing and Delivery for various traffic signal detection systems. Additional lines may be added to a section for additional products for consideration if they are within the scope of this Specification for detection systems, but the City does not guarantee that those will be added to the Agreement. Please attach sheets with the additional line items to Your Bid and note them on Exhibit A.

However, it is requested that for any given system, Bidders fill out both the full system pricing as well as the parts of that system to give the City the flexibility to order parts as needed for maintenance and repairs without replacing an entire system due to a single failed component, such as a video camera. Bidders who provide pricing for both full systems and component parts may be given preference over those that do not.

Agreements may be awarded for select line items to multiple Bidders, as deemed necessary by the City. The City may also, at its sole discretion, choose to award entire sections to a single Bidder or to multiple Bidders.

All references herein to the “Traffic Engineer” mean the City of Tulsa Traffic Operations Manager, or designee.

Orders for materials will be placed in writing by the Traffic Engineer. No materials, equipment or other items listed in this Agreement shall be provided or shipped without a written request. An email shall be provided by Bidders to send requests to. Any quantities given are estimates. No guarantee of minimum or maximum quantities is made by the City of Tulsa under this Agreement.

Standards:

Unless otherwise noted in this Specification, all material and labor provided shall meet the applicable requirements of the latest City of Tulsa Standards and Specifications, including but not limited to: COT Part 610 for Traffic Signal Controller Cabinet Assemblies, Part 611 for Electrical Conductors Traffic Signal; Part 620 for Video Detection Systems, and Part 627 for Pre-Qualification for Traffic Operations Materials.

Where City Specifications and standards are silent, Oklahoma Department of Transportation (ODOT) Standards and Specifications shall apply, except as noted in this Specification. If all Standards are silent, then work shall be at the direction of the Traffic Engineer; provided, however, that this clause shall not be construed to allow inclusion of any equipment model, product, or service that is not with the original scope or intent of the Technical Specifications or Agreement.

All parts of the system, including but not limited to equipment, materials, and labor, must comply with all federal, state, county, municipal and local laws.

Material Specifications

1. General Information

A. Condition of Materials and Parts

All materials and items included must be new, undamaged, unused, in first-class condition, of current manufacture, and be of the type generally accepted for the proposed use. All replacement parts and

materials must meet manufacturer's requirements and must either be the same as the material or part being replaced, an approved equivalent, or an upgrade to the part or material being replaced.

B. Vehicle Detection Systems (Not Including Installation)

A variety of vehicle detection systems are currently utilized in the City of Tulsa, including loops, video systems, wireless systems, and radar systems. Many different types of systems by a variety of manufacturers have been installed over time, making it difficult to stock and maintain parts for maintenance and repairs. Through this Agreement, it is the intent of the City to standardize on a few selected products to stockpile and maintain going forward.

a) Types of Detection Systems

Four primary types of detection systems have been identified for this IFB: video detection, radar detection, a combination video/radar detection, and single-point detection solutions. Other solutions may be considered but are not guaranteed. Bidders must provide information on any other systems so that they can be evaluated adequately for approval by the City Traffic Engineer.

b) Number of Detection Systems

One of the standard detection systems includes the Econolite Autoscope Vision video detection system. As such, the items necessary for that system are already included in TAC1040A as part of the Advanced Traffic Management System (ATMS).

However, it is the City's intent to standardize on more than one system per type of detection. Therefore, other systems that serve a similar function will be considered for the other line items in the section, and multiple bids may be awarded per line item to help with the standardization.

c) Complete Detection Systems and Parts

Full detection systems shall include all materials including detector units (cameras, radar, combo units, or single point units), cards, communications cards, cabling, and other materials, as necessary to make the detection system fully operational at a full eight (8) phase intersection.

Pricing for individual components of a system has also been requested to be able to order parts for systems for maintenance and repairs. If additional components are available beyond those listed in the pay items, please include information and pricing for those items as separate line items. If needed, please attach sheets with the additional line items to Your Bid and note on Exhibit A

d) Requirements for All Detection Systems

All detection systems must be capable of detecting vehicles, bicycles, and motorcycles on the roadway by processing data that provides vehicle, bicycle, and motorcycle presence, traffic flow data, and event alarms for real-time traffic control and management. It is also preferred that detection systems be capable of detecting pedestrians. If pedestrian detection is a part of the base system, please indicate that in Your Bid. If there are additional requirements such as software or hardware to be able to detect pedestrians, please provide pricing for those products as separate line items.

All systems must be compatible with Econolite Centrac's ATMS, must be compatible with both the ASC3 and EOS versions of the Econolite Cobalt controller software, and must be approved by the City Traffic Engineer.

Detectors must be IP-addressable and able to work online or offline to provide detection to a signalized intersection. Detection systems shall not use coaxial cabling. They shall use either a 3-wire system utilizing Broadband Over Power Lines (BPL), Category 5e or Category 6 ethernet cable. The 3-wire system is intended to be used to reduce interference in the system.

2. Material Requirements per Section on Exhibit A Pricing & Delivery

Section A – Video Detection Systems: All video detection systems must meet the requirements of City of Tulsa Standards and Specifications Part 620 for Video Detection Systems.

Section B – Radar Detection Systems: Radar systems must provide stop bar detection, at a minimum. Systems that provide options for both stop bar and advanced detection out to at least a minimum of 600 feet in one system are preferred.

Section C – Combination Video/Radar Detection Systems: Combination radar and video detection systems must meet the requirements for video and radar detection listed in this Specification.

Section D – Single-Point Detection Systems: Single-Point Detection Systems only require hardware to be mounted at a single point of the intersection, such as a traffic signal mast-arm, luminaire arm, or standard. These are not currently widely used by the City of Tulsa but may provide solutions for certain locations where installation of hardware for each direction of travel is impractical. Therefore, we are seeking Bids and information on systems that can assist in these specialized situations.

3. Approved Products

All materials provided shall be supplied per the approved materials listed on the City of Tulsa Traffic Operations Approved Products List (APL) or as an approved equivalent item. Any specific product or part listed on the APL may be considered automatically approved and no additional documentation is required. Other products or parts by the same manufacturer that are not listed specifically on the APL must be submitted for approval as an approved equivalent.

Any products, equipment, or materials that are not specifically listed on the APL shall require cut sheets to be submitted with the bid package for consideration as an approved equivalent. Approved equivalent materials must be approved by the City Traffic Engineer to be considered for this Agreement.

Being designated as an approved equivalent for this Agreement does not automatically make the product part of the APL. Items may be added to the APL as directed in City of Tulsa Specifications, Part 627 for Pre-Qualification for Traffic Operations Materials. It is the intent of the City of Tulsa to remove any items that are not selected as part of a standardized detection system from the current APL.

The current Approved Products List (APL) may be found on the City of Tulsa website at the following link:

<https://www.cityoftulsa.org/government/departments/public-works/streets/traffic-operations-products-list/>

4. Materials or Equipment Not Listed

For any parts that are not listed specifically in this Agreement, Bidders are asked to provide a discount on all traffic signal materials and supplies that are listed in their catalog, to allow them to also be purchased using this Agreement. Bidders should indicate the percentage discount on the manufacturer's published price list in Section 3 of Exhibit A. This is not a required item to complete the Bid.

5. Tests and Acceptability of Materials

Submittals for materials and parts shall be provided as set forth in this Agreement. Any substitutions or changes must be approved by the Traffic Engineer prior to acceptance of the products.

Seller shall update all software supplied to the most current available at the time of acceptance of the system. Seller shall supply all documentation and original packing to any third-party software or hardware, and all operational manuals available for the system. Seller shall supply all necessary licenses for software and hardware in the name of the City of Tulsa prior to acceptance of the project.

Hardware shall be new and unused in first-class condition, of current manufacture, and be of the type generally accepted for the proposed use. Hardware shall also be delivered undamaged and handled in an appropriate and manufacturer-approved manner. Payment shall not be made until an order is received in full, unless otherwise noted in the Purchase Order.

6. Upgrades and Substitutions

During the Agreement period (including renewals), if an item listed in the Bid is no longer available, then a substitution may be suggested by the Seller for approval by the Traffic Engineer, but specifications and cut sheets on the suggested replacement product be provided for review to determine if it is an approved equivalent.

During the Agreement period (including renewals), if any of the materials named in the Agreement are replaced in the Seller's or Manufacturer's product line, then a newer product that is equal or better and serves the same functions may be substituted with City approval. The Seller must provide cut sheets on a replacement product within five (5) working days of receiving an order.

Said substitutions may also be included in any subsequent Agreement renewal documents without necessitating a re-bid process; provided, however, that this clause shall not be construed to allow inclusion of any equipment, model, product, or service that is not within the original scope or intent of the Technical Specifications or Agreement. Any substitutions or changes must be approved by the Traffic Engineer prior to acceptance of the products or services.

7. Warranties

Materials shall come with either a one-year warranty or a standard manufacturer's warranty, whichever is longer. Standard and extended warranties of various components of the system or hardware must be identified in the Bid documents.

8. Incidentals:

Bidders are expected to identify all required software components, hardware components (whether supplied by Bidder or City), services, and tasks required for a working, fully functional system, and clearly state whether said components are to be furnished by the Bidder or not. All other components of the system or incidentals required to make the system or field hardware usable and fully operational, that are not described in the Bid documents with their designation of being included or not included as a part of the Bid, shall be provided at no additional expense by the Seller to the City of Tulsa.

In addition, Bidders shall provide costs for hardware items. These items are for the cost of the hardware and any wiring, mounting hardware, appurtenances, and all incidental items necessary to install the hardware and make it fully operational. Do not include installation costs.

9. Brand Names:

The use of any other brand names or trade names in the Specification is meant solely as a reference as to the design, features, and quality of the item mentioned. It should not be construed to imply that any brand name would be given preference in the evaluation of this Bid, except as specifically noted above.

SPECIFICATION ATTACHMENT CHECKLIST

In addition to the items required for the Bid as listed on the checklist at the end of the Bid package, use the following checklist to ensure that you have provided all required attachments based on the specifications. Bids submitted by the Bidder must include the following attachments, as required by the specifications:

- _____ Provide delivery times for all line items in Part 1 Delivery of Exhibit A
- _____ Provide a cost for applicable line items in any given section (A-D) on Part 2 Pricing of Exhibit A. All sections may be partially bid.
- _____ Provide cut sheets for materials not listed as pre-approved on the City of Tulsa Traffic Operations Approved Products List (APL)

 - The Bidder holds outstanding debt to the City;
 - The Bidder adds additional terms and conditions that modify IFB requirements or attempt to limit Bidder's liability to the City.

Bid withdrawal, meanwhile, may only be accomplished by having an Authorized Agent request the withdrawal in person at the City Clerk's office before the City's close of business on the Bid Submission Date.

3. **Bid Award Recommendation and Appeal**: Upon confirming the Bid recommended for selection, the Assigned Buyer will email all participating Bidders a memo announcing the recommended Bid. 4. **Term.** The term of the Agreement begins on the date the Mayor/Mayor Pro Tem of the City of Tulsa executes this Purchase Agreement and terminates one year from that date. City in its sole discretion may offer Seller an opportunity to renew this Agreement up to an additional four (4) one (1) year term(s). Seller understands and acknowledges that any future contracts or renewals are neither automatic nor implied by this Agreement. City's continuing purchase of the Supplies and/or Services set forth in this Agreement is subject to City's needs and to City's annual appropriation of sufficient funds in City's fiscal year (July 1st to June 30th) in which City purchases Supplies and/or Services. In the event City does not appropriate or budget sufficient funds to perform this Agreement, this Agreement is null and void without further action by City.

The City may extend the Agreement for ninety (90) days beyond a final renewal term at the price and upon the delivery terms set forth on Exhibit A – Delivery and Pricing. The City, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions upon the price and upon the delivery terms set forth on Exhibit A – Delivery and Pricing to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Seller.

5. **Supplies Warranty.** With respect to all Supplies to be delivered under this Agreement, Seller warrants to City that such Supplies will be of good materials and workmanship and free from defects and will conform to the Specifications provided by City. In addition, Seller shall assure that the Supplies purchased hereunder are covered by all available and applicable manufacturers' warranties for such Supplies and expressly agrees that it will be responsible for performing all warranty obligations set forth in the Specifications for the Supplies.

7. **Warranty Period.** Seller agrees that all warranties set forth herein will remain in effect for a period of one (1) year from the date City Accepts the Supplies and/or Services, or as specified in the Specifications, whichever is later. Seller shall not disclaim or otherwise limit the express warranties set forth herein.
8. **Warranty Remedies.** City shall notify Seller if any of the Supplies and/or Services fails to meet the warranties set forth above. If the failure is with Supplies, then Seller shall promptly correct, repair or replace such Supplies at its sole expense and/or if the failure is with a Service, then Seller shall promptly reperform such Service at Seller's sole expense. Seller shall pay all expenses related to the return of such Supplies to Seller.
9. **Rejection, Seller Bears Risk.** All Supplies and Services purchased in the Agreement are subject to approval by the City. Rejection of Supplies or Services, resulting because of nonconformity to the terms, conditions, and Specifications of this Agreement, whether held by the City or returned, will be at Seller's risk and expense. Seller shall bear the risk of loss or damage at all times until the Acceptance of the Supplies or Services by City.
10. **Force Majeure.** Seller will not be responsible for delays in delivery of the Supplies or Services due to acts of God, government action or inaction, fire, war, or riot, provided Seller notifies the City immediately, in writing of such pending or actual delay. Normally, in the event of any such delays (acts of God, etc.) the date of delivery of the Supplies or Services will be extended for a period equal to the time lost due to the reason for delay.
11. **Conflict of Interest.** By signing this Purchase Agreement, Seller covenants that it has no direct or indirect pecuniary or proprietary interest, and that it shall not acquire an interest that conflicts in any manner or degree with the Supplies or Services required to be provided or performed under the Agreement. Accordingly, and pursuant to Oklahoma law, City shall not indemnify nor hold Seller harmless for loss, damage, expense or liability arising from or related to this Agreement, including any attorneys' fees and costs. In addition, Seller shall not limit its liability to City for actual loss or direct damages for any claim based on a material breach of this Agreement. City reserves the right to pursue all legal and equitable remedies to which it may be entitled.
13. **Liability/Indemnification.** Seller shall hold City harmless for any loss, damage or claims arising from or related to its performance of the Agreement. Seller must exercise all reasonable and customary precautions to prevent any harm or loss to all persons and property related to the Agreement. Seller agrees to indemnify and hold the City harmless from all claims, demands, causes of action or suits of whatever nature arising out of the Supplies, Services, labor, or materials furnished by Seller or Seller's subcontractors under this Agreement. In addition, Seller agrees to indemnify, defend, and save harmless City and its officers, employees and agents from all suits and actions of any nature brought against them due to the use of patented appliances, products or processes provided by Seller hereunder. Seller shall pay all royalties and charges incident to such patents.

(Page 3 of 5)

14. **No liens.** Pursuant to City's Charter (Art. XII, §5), no lien of any kind shall exist against any property of City. Seller shall deliver all Supplies to City free and clear of liens. Delivery by Seller to City of Supplies which are subject to liens shall be a material breach of the Agreement and all damages and costs incurred by City because of the existence of such liens shall be paid to City by Seller. At City's option, City may return such Supplies to Seller and Seller shall pay the cost of returning such Supplies and reimburse City for any payments made for such Supplies.
15. **No Insurance by City.** If City is leasing Supplies herein, City shall not be required to obtain insurance for Seller's property. Seller shall be solely responsible for any insurance it deems necessary. City is self-insured for its own negligence, subject to the limits of the Governmental Tort Claims Act (51 O.S. § 151 et seq.).
16. **No Confidentiality.** Seller understands and acknowledges that City is subject to the Oklahoma Open Records Act (51 O.S. §24A.1 et seq.) and therefore cannot assure the confidentiality of this Agreement or other information provided by Seller pursuant to this Agreement that would be inconsistent with City's compliance with its statutory requirements thereunder.

Seller is responsible for any costs of such compliance. Seller certifies that it and all its subcontractors to be used in the performance of this Agreement are in compliance with 25 O.S. Sec. 1313 and participate in the Status Verification System. The Status Verification System is defined in 25 O.S. Sec. 1312 and includes but is not limited to the free Employee Verification Program (E-Verify) available at www.dhs.gov/E-Verify.

If City terminates this Agreement, City shall be liable only for payment for Supplies accepted and Services rendered prior to the effective date of termination. City's right to terminate this Agreement is cumulative to any other rights and remedies provided by law or by this Agreement.
19. **Payment.** Invoices should be e-mailed to the City of Tulsa – Accounts Payable at: apinvoices@cityoftulsa.org. Payment will be made net 30 days after receipt of a properly submitted invoice or the City's Acceptance of the Supplies or Services, whichever is later.

The purchase order number shall appear on all invoices, packing lists, packages, shipping notices, instruction manuals and other written documents relating to the Supplies or Services. Packing lists shall be enclosed in each and every box or package shipped pursuant to this Agreement, indicating the content therein.

20. **Price Changes.** The parties understand and agree that the variables in Seller's cost of performance may fluctuate, but any change in Seller's cost of performance will not alter its obligations under this Agreement, nor excuse performance or delay on Seller's part. Notwithstanding the foregoing, after the first year of the term, the Seller may request a price increase in addition to any other price increase set forth in this Agreement. In its sole discretion, the City may approve the request if it determines that such price increase is in the City's best interest.
21. **Right to Audit.** Seller agrees that Seller's books, records, documents, accounting procedures, practices, price lists or any other items related to the Supplies and/or Services provided hereunder are subject to inspection, examination, and copying by City or its designees. City requires Seller to retain all records related to this Agreement for the duration of the term of this Agreement and a period of three years following completion and/or termination of the Agreement. If an audit, litigation or other action involving such records begins before the end of the three-year period, Seller shall maintain the records three years after the date that all issues arising out of the action are resolved or until the end of the three-year retention period, whichever is later.
22. **Notice.** Any notice, demand, or request required by or made pursuant to this Agreement will be deemed properly made if personally delivered in writing or deposited in the United States mail, postage prepaid, to the following:

Nothing in this Agreement will be construed to create a partnership, joint venture, or agency relationship among the parties. No party will have any right, power or authority to act as a legal representative of another party, and no party will have any power to obligate or bind another party, or to make any representations, express or implied, on behalf of or in the name of the other in any manner or for any purpose whatsoever.

24. **Third Parties.** This Agreement is between City and Seller and creates no right unto or duties to any other person. No person is or will be deemed a third-party beneficiary of this Agreement.
25. **Time of Essence.** City and Seller agree that time is deemed to be of the essence with respect to this Agreement. The Agreement is subject to cancellation by the City for Seller's failure to deliver on time. All deliveries are required F.O.B to the City's facilities. For any exception to the delivery date specified in the Agreement, Seller shall give prior written notification and obtain written approval from the City. The Acceptance by the City of later performance with or without objection or reservation shall neither waive the City's right to claim damages for such breach nor constitute a waiver of the requirements for the timely performance of any obligation remaining to be performed by Seller.
26. **Binding Effect.** This Agreement shall be binding upon City and Seller and their respective successors, heirs, legal representatives and permitted assigns.
27. **Headings.** The headings used herein are for convenience only and will not be used in interpreting this Agreement.

The parties stipulate that venue is proper in a court of competent jurisdiction in Tulsa County, Oklahoma and each party waives any objection to such venue. City does not and will not agree to binding arbitration of any disputes.
30. **No Waiver.** A waiver of any breach of any provision of this Agreement shall not constitute or operate as a waiver of any other provision, nor shall any failure to enforce any provision hereof operate as a waiver of the enforcement of such provision or any other provision.
31. **Entire Agreement.** The entire agreement between City and Seller is contained in the Agreement. No verbal agreement between the parties is binding. Any scope of services, scope of work, quote, invoice, acknowledgment or other communication or other document issued by Seller in connection with this Agreement will be for the purposes of describing in greater detail the Supplies and/or Services (as applicable) to be provided. Seller's rejection or modification of the terms set forth in the City's IFB is void and of no effect, unless any such modification improves upon the City's terms or Specifications, in which case the improvement is accepted. Seller understands and acknowledges that if it adds terms and conditions to its Bid that are different from the terms set forth herein that City may reject the Bid as non-responsive.
32. **Amendment/No Assignment.** The Agreement may only be modified or amended in a writing signed by both parties. Notwithstanding anything to the contrary stated herein or in the attachments to this Agreement, no future agreements, revisions or modifications that may be required under this Agreement are effective or enforceable unless such terms, revisions or modifications have been reduced to writing and signed by City and Seller. Seller may not assign this Agreement or use subcontractors to provide the Supplies and/or Services without City's prior written consent.
